

Education

MPSTME, NMIMS University B. Tech in Information Technology CGPA: 3.03/4 (7.58/10)	2023-2027
Dr.C.G.Tele Junior College, Thalner,Tal Shirpur HSC: 80.5 %	2021-2023
H. R. Patel Higher Secondary School, Shirpur SSC: 89.6%	2020-2021

Projects

Air and Noise Pollution Complaint Analysis System

- Developed an intelligent pollution complaint analysis system to classify citizen complaints, identify priority patterns, and generate actionable insights for faster data-driven environmental decision-making.
- **Tech Stack:** Python, Pandas, NumPy, NLTK, TF-IDF, Linear SVM, BiLSTM, BERT, FastAPI, PostgreSQL, React.js, Power BI, GitHub.

Procurement KPI Analysis | Data Analytics Project

- Analysed 777+ purchase orders across 50+ suppliers to develop KPI-driven Power BI dashboards, uncover \$750K+ cost-saving opportunities, and automate reporting for data-driven procurement decisions.
- **Tech Stack:** Python, Pandas, NumPy, Matplotlib, DAX, Power BI, GitHub, Google Colab.

Global CO₂ Emissions Analytics Dashboard | Power BI

- Analysed 1950–2023 global CO₂ emissions across 50+ countries and 7 regions using Power BI to identify emission trends, GDP correlations, and sustainability KPIs through interactive dashboards and data modeling.
- **Tech Stack:** Power BI, DAX, Data Modeling, Galaxy Schema, Data Cleaning, KPI Development, Geospatial Visualization, Business Intelligence.

Internships

Virtual HR & Marketing Intern | Heleum | Jul 2025 – Sep 2025

- supported candidate sourcing and recruitment, promotion of company products/services, and training and development of new joiners.

Certifications

- AWS Educate: Introduction to Cloud 101 — AWS Training and Certification | July 2026
- Delta – Full Stack Web Development | Apna College | July 2026
- AWS Certified Training – Fundamentals of Machine Learning & Artificial Intelligence | AWS | July 2026
- Career Essentials in Business Analysis | Microsoft & LinkedIn | July 2025
- Deloitte Australia – Data Analyst Job Simulation | Forage | June 2025
- Google Analytics Certification | Google | May 2025

Core Skills

Technical Skills

- **Languages:** Python (Basic), SQL, Java, HTML, CSS, React.js (Basic).
- **Data & BI:** Power BI, Excel, Pandas, NumPy, Data Visualization.
- **Databases:** SQL (MySQL, PostgreSQL), MongoDB (Basic).
- **AI & GenAI Tools:** ChatGPT, Claude, Responsible AI, Google Gemini, Copilot, Perplexity AI.
- **Developer Tools:** GitHub, VS Code, Google Colab, Jupyter Notebook.
- **Design Tools:** Figma, Canva, Power Point.
- **Core CS:** DSA (Intermediate), OOP, DBMS, Computer Networks (CN), Operating System (OS).
- **Cloud/Enterprise:** AWS Fundamentals.

Soft Skills

- Troubleshooting | Analytical Thinking | Time Management | Stakeholder Collaboration | Attention to Detail.
- Written & Verbal Communication | Team Collaboration | Adaptability | Technical Documentation.

Achievements

- **Siemens Project Manager Job Simulation | Forage | May 2026**
- **SAS Curiosity Cup 2026 Participant | SAS Institute | Mar 2026**
Strengthening data analysis, problem-solving, and analytical skills through real-world business data challenges.
- **College Ambassador | Techfest IIT Bombay — Asia's Largest Science & Technology Festival | Dec 2025**
Represented institution at IIT Bombay Techfest achieving global rank under 12,000 demonstrating leadership and networking skills.
- **2nd runner up — Hackathon (24 Hours) | NMIMS MPSTME | Mar 2025**
in 24-hour hackathon demonstrating Troubleshooting, team collaboration, and technical skills under pressure.
- **Shortlisted in national-level hackathons for developing software solutions to real-world challenges.**
